**For Immediate Release**

January 19, 2010

***SAMI Instruments Releases a  
New 1" Medium Pressure Needle Valve***

**SPIR STAR**, the exclusive distributor for SAMI Instruments, is proud to announce the availability of their new 20,000 psi 1" medium pressure needle valve.

The advantages offered on this valve are its 0.562" orifice that allows for a higher flow rate, a non-rotating stem that will prevent galling and scoring, along with metal to metal seat for a sure seal and longer stem life. With 316 stainless steel wetted parts, this valve is corrosion resistant and can be used in a variety of applications.

For further information and inquiries, please contact your **SPIR STAR** representative at (800) 890-7827.
